

Pairing your TiVo device with Alexa

To pair your TiVo device:

1. Press the TiVo button on your remote to go to the Home screen, then choose *Apps*.
2. Select the Alexa app.
3. On the pairing screen, note the activation code and the name of your TiVo device – you'll need these during setup. If you have more than one TiVo device, make sure each one has a unique and easily-recognizable or you will not be able to complete setup.

4. Open the Amazon Alexa app on your mobile device.
5. Open the navigation menu and select "Skills & Games."
6. In the search box, enter "TiVo."
7. Select "TiVo" from the list and follow the on-screen instructions. You're all set!
8. To pair additional TiVo devices, select "Manage and Link Devices" in the TiVo skill, then choose "Link another device."

With TiVo and Alexa, your smart home just got a little smarter.
