(ii) **Major damage:** If apartments to more than 50% of the common elements are appurtenant are found by the Board of Directors to be not tenantable, then the damaged property will not be reconstructed or repaired and the condominium will be terminated without agreement as elsewhere provided, unless within 60 days after the casualty the owners of 75% of the common elements agree in writing to such reconstruction or repair.

(c) **Certificate:** The Board of Directors shall determine whether or not the damaged property is to be reconstructed or repaired.

9.2 Plans and Specifications: Any reconstruction or repair must be substantially in accordance with the plans and specifications for the original building, portions of which are attached as exhibits, or if not, then according to plans and specifications approved by the Board of Directors of the Association, and if the damaged property is the apartment building, by the owners of not less than 75% of the common elements, including the owners of all damaged apartments, which approval shall not be unreasonably withheld.

9.3 Responsibility: If the damage is only to those parts of one apartment for which the responsibility of maintenance and repair is that of the apartment owner, then the apartment owner shall be responsible for reconstruction and repair after casualty. Such assessments against apartment owners for damage to apartments shall be in proportion to the cost of reconstruction and repair of their respective apartments. Such assessments on account of damage to common elements shall be in proportion to the owner's share in the common elements.

9.6 Construction Funds: The funds for payment of costs of reconstruction and repair after casualty, which shall consist of proceeds of insurance held by the Association and funds collected by the Association from assessments against apartment owners, shall be disbursed in payment of such costs in the following manner:

(a) **Association:** If the total of assessments made by the Association in order to provide funds for payment of costs of reconstruction and repair that is the responsibility of the Association is more than \$10,000.00, then the sums paid upon such assessments shall be deposited by the Association (see 8.4). In all other cases the Association shall hold the sums paid upon such assessments and disburse them in payment of the costs of reconstruction and repair. The sums deposited with the Association from collections of assessments against apartment owners on account of such casualty shall constitute a construction fund which shall be disbursed in payment of the costs of reconstruction and repair in the following manner and order:

(i) **Association - lesser damage:** If the amount of the estimated costs of reconstruction and repair that is the responsibility of the Association is less than \$10,000.00, then the construction fund shall be disbursed in payment of such costs upon the order of the Association; provided, however, that upon request to the Association by a mortgagee that is a beneficiary of an insurance policy, the proceeds of which are included in the construction fund, such fund shall be disbursed in the manner provided for the reconstruction and repair of major damage.

(iii) **Apartment owner:** The portion of insurance proceeds representing damage for which the responsibility of reconstruction and repair lies with an apartment owner shall be paid by the Association to the apartment owner, or if there is a mortgagee endorsement as to the apartment, then to the apartment owner and the mortgagee, jointly, who may use such proceeds as they may be advised. It shall be presumed that the first monies disbursed in payment of costs of reconstruction and repair shall be from insurance proceeds. If there is a balance in a construction fund after payment of all costs of the reconstruction and repair for which the fund is established, such balance shall be distributed to the beneficial owners of the fund in the manner elsewhere stated; except, however, that the part of a distribution to a beneficial owner that is not in excess of assessments paid by such owner into the construction fund, shall not be made payable to any mortgagee.

(iv) **Certificate:** Notwithstanding the provisions of this instrument, the Association shall not be required to determine whether or not sums paid by the apartment owners upon assessments shall be deposited by the Association, nor to determine whether the disbursements from the construction fund are to be upon the order of the Association or upon approval of an architect or otherwise, nor whether a disbursement is to be made from the construction fund nor to determine the payee nor the amount to be paid. Instead, the Association may rely upon a certificate made by its President and Secretary as to any and all of such matters and stating that the sums to be paid are due and properly payable and stating the name of the payee and the amount to be paid; provided that when a mortgagee

is required in this instrument to be named as payee, the Association shall also name the mortgagee as a payee of any distribution of insurance proceeds to a unit owner; and further provided that when the Association, or a mortgagee that is the beneficiary of an insurance policy whose proceeds are included in the construction fund, so requires, the approval of an architect named by the Association shall be first obtained by the Association upon disbursements in payment of costs of reconstruction and repair.
