Notices are also posted on the official bulletin boards in front of the Main Clubhouse and at the annex building. It is a homeowner's responsibility to know what is always going on in our Community. If you have any questions regarding our website or channel 901, contact Kristi Woods, Director.

The area in front of some driveways on the curb side is called the swale and it is part of the terrain drainage in the City of Plantation. It usually retains water for 48 hours after the rain stops before water is reabsorbed into the environment. Drainage ditches between the homes exist on the grassy areas to permit storm runoff to be absorbed, similar to the swale. It may remain muddy for several days after the rain stops. Please use extreme caution when walking on the grassy areas which may be uneven and under trees where exposed roots may cause a tripping hazard.
9. **Mailboxes:** White is the preferred color. The mailbox **MUST** be cleaned regularly by the homeowner. This is a USPS requirement. Decorative (magnetic) mailbox covers are permitted, and it is recommended that it be strapped on for reinforcement. Plantings of any kind are not allowed around the mailbox posts. Call Maintenance - (954) 473-2595 - if you have any questions regarding your mailbox.
