BUYER BEWARE

When you need to hire someone to do work in your home, be sure to check the insurance and license of the person. The person/company needs to have a recent license by the City of Plantation if their business is in the City. Be sure to see a copy of their insurance to confirm they have coverage.

Whatever you do, **NEVER** hire someone who just knocks on your door and offers to do any/all work for you. This may cost you in the long run for poor workmanship and problems that could arise which they cannot pay for. They may also rip you off and cause more damage to your property.

Do not wait until there is a problem and wish you had hired a licensed/insured worker.

BOARD NEWS & ANNOUNCEMENTS

FROM THE PRESIDENT'S DESK....

From Joanne Hill

I certainly hope everyone enjoyed the Summer here at Lauderdale West. I loved seeing all the children and grandchildren, and even some great grandchildren, visiting and enjoying our facilities. Now on to Fall!

Our maintenance department has been busy renovating the satellite bathrooms. Don't forget you may use the handicapped bathroom during the renovation. Unfortunately, there is no indoor shower at the satellite facility but you are welcome to use the facilities at the main clubhouse pool.

Speaking of the pools, for your safety you must vacate the pool area completely as soon as you see lightning or hear thunder. Do not sit under the aluminum awnings; leave the area immediately.

Isn't it nice not to see so many blue tarps on the plex roofs? SCI, our roofers, are working diligently to replace or repair those roofs damaged by Hurricane Irma. Because of the number of damaged roofs this will be a long process. The new architectural shingles look wonderful!

We will be installing new security cameras throughout our clubhouses and common areas shortly. These will allow us

a more enhanced view of our property.

Please, please, follow the traffic signs and arrows at the clubhouse parking lots! It amazes me that so many people totally disregard the posted signs. This is an accident waiting to happen!

I am saddened at the low number of people attending the professional shows. Harriet Langdon, Estelle Taylor, Linda Owen and Lydia Shutter work diligently to acquire fabulous entertainers for us and we do not take advantage of it. For the \$10 ticket price you can have an evening out with live entertainment, socialize with your friends and you do not have to pay for parking. What could be better than that?

Don't forget: we are still in the hurricane season. Be prepared! There is information throughout this and prior editions of our Lauderdale West News outlining what and what not to do during a hurricane. Heed the warnings.

Be safe!
Joanne Hill

YOUR MAINTENANCE DOLLARS AT WORK

By Barbara Bucci

This is an update on the different projects going on in our community.

Roofs and Gutters: As you are aware, we have been replacing SFH tiles and the architectural dimensional shingles on the plexes. We see less and less blue tarps now.

Most roofs have gutters which the owners have installed after the initial building of the units. Prior to the installation of any new roof, it is the owner's responsibility to remove all gutters. Once old gutters are removed, it is almost impossible to re-install them properly. If owners do not remove them, the roofers will take them down and trash them.

Speaking about gutters, gutters must be cleaned periodically to avoid tree sprouts growing and leaf buildup. These issues keep your gutters from being able to do their job by causing overflows of rain water and rotting the fascia board from the excess moisture. Maintain your gutters for efficiency. If you are planning on installing gutters, all LW modification paperwork must be completed prior to installation. Please see Kristi Woods.

Speaking about roofs, we have had a lot of damage to the fascia boards due to overgrown shrubs or improper shrubs being planted. When it rains, and we have had a lot of rain this past summer, moisture remains on the shrubs, inviting termites as well as rotting the wood. Please check around your unit for any shrubbery touching the fascia board. If you find you have shrubbery causing this problem, please remove it. If maintenance needs to do this cleaning out, the owner will be charged.

Irrigation: We are in the final phase of the irrigation upgrade. Due to the constant rain issues occurring almost daily, phase 3 will be finished by the end of September and then onto phase 4.

We would like everyone to be aware that no one should be parking on the lawns. The cars are causing damage to our new sprinkler heads. When there is a wet check, we will have the addresses of the broken heads – thus if anyone at your house is found to be parking on the lawns where there is damage, you will be billed for the replacement. Please, no 4 wheels on the lawns.

Maintenance: We purchased a trailer with a water tank on it to clean sidewalks around the plexes and the clubhouses. Hopefully, before the end of the year, we will have all the car stops freshly painted yellow.

SHUT OFF VALVES

If you are remodeling a kitchen or bathroom and you are putting in a new sink counter or vanity, it is your contractor's responsibility to move the turn off valves for access to shut off the water.

VERY IMPORTANT INFORMATION

We have been asked by the Waste Management Company to remind our residents NOT to put glass and/or mirrors out for pickup – regular garbage or bulk pick up. These create a hazardous situation due to the ease at which they break. Thank you for your cooperation.

EMERGENCY EXIT DOORS

In the Main Clubhouse there are double glass doors that are alarmed for security purposes. There is red signage on each door stating that it is an **Emergency Exit - Do Not Use**.

If you choose to ignore this signage, you will receive a letter stating not to use the doors and if you do it again, you will be fined \$50. Please - obey the signs.

MAINTENANCE PROCEDURE

If you have a situation which needs the Maintenance Department, you **MUST** contact Edna in the Maintenance Office directly at 954-473-2595 or by email: maintenancedept@lauderdalewest.org. **DO NOT ADDRESS OUR MAINTENANCE STAFF CONCERNING YOUR ISSUE.**

When you call the Maintenance Office, you will receive a **work order** number which you will need to **KEEP** until your job is completed.

You will be given a time frame when Maintenance will come to your home. **IF THE WORK TO BE DONE IS INSIDE YOUR HOME**, please make sure you are home or your **work order** will be closed and you will need to call and make a new appointment. If the work to be done is outside your home, you do not need to be at home when the work is done.

Please do not address our Maintenance staff concerning your issue – this will only delay your job getting done. **Remember – contact Edna in the Maintenance office at 954-473-2595, Monday – Friday 8 a.m. – 4 p.m. or email: maintenancedept@lauderdalewest.org and get a WORK ORDER NUMBER.**

NEW NEWSPAPER DEADLINE DATES

The **LWNews** is now published every other month, therefore the **NEW** deadline for all material and advertising to appear in the **LWNews** is as follows:

FOR ARTICLES: All articles are due by **noon** on **October 19** for the **December 2018-January 2019** issue. Everything submitted must be signed and have a phone number with it.

FOR ADVERTISERS: Ad copy and payment is due by **noon** on **October 24** for the **December 2018-January 2019** issue.

ALL COPY AND PAYMENT IS DUE BY NOON ON THE DEADLINE DATE.

We prefer any copy to be emailed to us at: news.lauderdalewest1@gmail.com or you can drop it off at our new office, room #121.

The Newspaper Office is now open Monday, Wednesday, and Friday from **9 a.m.** until **noon**. We can be reached through the email: news.lauderdalewest1@gmail.com.

As per our editorial policy, all material submitted is subject to editorial discretion.

If the deadline dates change due to holidays or weekends, we will print the changes in the previous issue's newsletter and post it at the Newspaper office.

MAINTENANCE ISSUES

There have been some issues over the last few months regarding our Maintenance department and what they will charge for certain services. Please read:

REGARDING EMERGENCY CALLS: When you call Maintenance after hours, make sure you truly have an emergency and not a situation that can wait until the next business day. If one of our Maintenance staff goes to your home and it is NOT a true emergency, then the homeowner will be billed for the overtime expense. An example of this would be one toilet is clogged, but you still have another working toilet.

REGARDING EXCESSIVE MAINTENANCE CALLS DEALING WITH THE SAME PROBLEM: It is during the first visit that the resident is instructed what is needed to correct the problem. It is the second, third and sometimes the fourth call that shows the resident does not always comply but continues to call Maintenance.

The Board has discussed this and has decided to start charging residents who do not comply and fix the problem. After the second visit for the same problem, the resident will receive a letter stating the problem and the need to fix it. If there is a third call, the resident will then be charged \$50 for non-compliance as well as the cost of the maintenance call for the problem. **An example** of this would be if the resident keeps calling maintenance for a clogged toilet – it is found that the resident is flushing cleansing wipes into the toilet (even those stating they are flushable). After the second visit, the resident will receive a letter stating they should not flush anything except toilet tissue down the toilet. If there is a third call for a clogged toilet due to cleansing wipes, the resident will be charged \$50 plus \$300 for the repeat plumbing call.

OFFICE PROTOCOL

For our Board to be more efficient in the handling of their responsibilities (duties), a procedural policy has been instituted:

1. Please make your first stop the Administrative Office, room 108;
2. Let them know the area of your concern.
3. The Administrative Office will then let the Board member overseeing that area know you are waiting in the lobby.

Residents are discouraged to just walk into the President's office or any other Board member's office with their concerns. Residents are discouraged to linger around a Board member's door waiting to be seen – wait in the lobby where you will be called from when it is your turn.

EVERYONE'S TIME IS IMPORTANT AND THIS WILL HELP IN HAVING OUR RESIDENTS SEEN IN A TIMELY FASHION.

We ask for your cooperation to enable the Board to budget their time to conduct the business of Lauderdale West. Thank you.

MODIFICATION NEWS

If you are doing any modifications to your home or plex, you need to fill out the Lauderdale West paperwork and have it approved by the Board. If you are not available to come in during regular hours, 9 am – noon, you can call Kristi Woods, 954-473-8219, ext. 109, during the morning hours and set up an appointment.

Any resident, doing any improvement, especially hurricane modification, is asked to fill out a form upon completion of the modification so the information about your unit is up to date in the LW files.

If your modification causes a problem, such as a leak, you are responsible for the repairs.

SAFETY DO'S

We all really need to pay special attention to our personal safety here in Lauderdale West and wherever we should travel. How, you may ask? Please follow the guidelines below and we will succeed:

- Let us not open the door to anyone we do not know and did not invite
- Let us double check with the utility company if a worker just knocks at your door. Call the company to verify the work order for your home (FPL; AT&T; Comcast; Plantation Utilities, etc.)
- Let us always lock our doors, in our home and in our cars - ALL the time
- Let us not give anyone our personal information, especially our social security numbers or bank account numbers
- Let us not walk alone - use the buddy system and walk during daylight
- Let us all post our No Solicitation signage and not be afraid to call the Police's nonemergency number (954-797-2100) - it is better to be safe rather than sorry.

SATURDAY NIGHT DRESS CODE

Here is a friendly reminder to everyone, and especially if you are bringing guests. There is a dress code for the Saturday night professional shows. The dress code is NO SHORTS - only long pants for men - dresses, slacks for women will be allowed. Thank you for your cooperation.

SAFETY REMINDER

As we head into the holiday season and having guests here in Lauderdale West, please be extra cautious driving in the parking lots. Many of our residents have small children visiting and they move very quickly. Please double and triple check in the parking lots, especially when backing up. We want to have happy times here.

FYI: UPDATE BAIT BOXES

Throughout our community there are rodent bait boxes set up by our pest control company, Dead Bug Edwards, to deter/kill rats. We live in a watered community and wherever you have water, you are more susceptible to rats.

Dead Bug Edwards has numbered each box as well as inventories, cleans, and fills each box on a regular basis. They have been put around the perimeter properties as well as on water properties behind the unit. You, our residents, have been asked not to touch the boxes. They are filled with poison. This poison is harmful to you and/or your pet. This poison is checked regularly and replenished as needed by authorized personnel wearing protective clothing. Again, we ask you not to move the bait box for any reason. If you should develop a rodent problem and your designated box has been moved, you will be responsible for the costs of removing the rodent instead of LW.

Dead Bug Edwards evaluates the situation regularly. If a rodent problem shows up, boxes can be re-placed to be more effective. You do not need to call requesting a box. Dead Bug Edwards knows where each and every box is located as each box's placement is marked on a large LW map in their offices.

This is how the bait boxes work: These boxes are baited with poison which the rats take back to their nests, hopefully infecting the nest, thus killing more rats. As these boxes are throughout the community, placed against the houses and plexes, not in the bushes, AGAIN, we ask our residents **NOT** to touch or move these boxes. They are being checked regularly and replenished as needed.

Should you develop a rodent problem, please call Maintenance at 954 473-2595 and report it.

Unfortunately, last April, Dead Bug Edwards found that 113 boxes were either missing from its spot or broken. To insure correct protection for our Community, we must now replace them at \$22 a piece (\$2486). If residents are moving the boxes around their homes, they may incur a fine.

Once again, DO NOT TOUCH these boxes or move them. Thank you.

LIBRARY

By Audrey Hermelin

Thank you to all who have increased our library, ten-fold by donating new books as well as older ones, including the classics. It is a pleasure to put them on the shelves.

Again, I want to thank Marie and Joan for all their hard work.

Please visit our library and enjoy our selection of books. Right now I am on a Stuart Woods read myself.

SWIMMING POOL RULES

This is just a reminder that everyone must follow the posted pool rules, especially:

- Do not prop open a pool area gate
- Shower **BEFORE** entering the pool as this is a Health Department regulation
- Do allow residents who are swimming laps the right of way if you are just standing, walking or talking in the pool
- No diving allowed
- Children must be supervised by an adult, at all times, in the pool area, especially when they are in the water
- No jumping, running or loud noise in the pool area
- No food or drink or glass in the pool area
- Vacate the pool **area** during rain, thunder or lightning – sitting under the metal awnings is dangerous

The Lauderdale West Community Association reserves the right to deny the use of the pool or pool area to anyone at any time for just cause.

LAUDERDALE WEST VIOLATION PROCEDURES AND FINES

When a resident violates a rule, the following is the procedure in the Fining Process:

Procedure:

1. A resident in violation will receive an initial letter regarding a maintenance/violation issue.
2. A recheck of the property will be performed and if necessary, a second letter is sent regarding incomplete issues.
3. If the incomplete issues are not corrected within 15 days from the date of the second letter, Board approval will be obtained and a Certified letter will be sent stating the fine which is to be paid within 30 days from the date of the Certified letter. You will be notified that the Board will discuss your issue. You can attend the Board meeting but you CANNOT speak at the LW Board meeting concerning your issue.

This letter will also state that Lauderdale West will proceed to do the work and charge the resident for the work **in addition to the fine.**

When a resident receives the Certified letter stating the levied fine(s), the resident has the right to a hearing before the LW Fining Committee, within 15 days of receiving the Certified letter.

If the resident would like to request a hearing, the resident needs to go to the Main Clubhouse, fill out the Right to Hearing Form and turn it in to the Board Director overseeing the Fining Committee within the 15 days. You will be allowed to speak to the Fining Committee concerning your issue.

The Fining Committee, which meets two(2) times a month, will make the ultimate decision to confirm or reverse the fine. The Fining Committee is comprised of owners from each of the four(4) phases in Lauderdale West and one additional owner, the Chairperson.

Second or subsequent offense of same violation within six(6) months– automatically doubles the fine.

VACATIONING FROM YOUR SMARTPHONE

By Robert Wright, Jr., Ph.D., COFT

Now that the summer vacation season is over, hopefully, you and your family were able to get away from some much needed rest and relaxation, so that you could fully recharge your body, mind and spirit. But, while you may have had fun and gotten

some rest during your vacation, did you remember to also take a vacation from your smartphone? Probably not!

Look, let's face it. For many of us, our phones have literally and figuratively taken over or touched almost every area of our lives. It's no longer just a phone since now you can email, FAX, text, translate, do your banking and speak via live video to family and friends almost anywhere on planet earth with the appropriate app. You can even watch TV or listen to relaxing music while at the gym or while washing the dishes.

If you are honest with yourself, then you can admit that most likely, you, too, are addicted to your phone. WHY? Well, first off, the smartphone was designed to be addictive. How does it accomplish this? By keeping you slightly 'off balance' since you never know whether the next text, email, photo or phone call will be something important, make you laugh or make you shake your head in disbelief or disgust.

Your brain loves "intermittent guessing". It's like when you were a kid and you had fun guessing in a game. The neuroscience behind this is simple too; "intermittent guessing" causes your brain to secrete pleasure causing hormones and neurotransmitters such as dopamine, serotonin, oxytocin or endogenous morphine. These are all known as "feel good" neurochemicals.

Intermittent guessing stimulated the same brain regions that activate when a person takes cocaine, gambles, plays video games or drives a car or motorcycle extra fast. You may experience it as an "adrenaline rush" or it simply may make you feel more important since you are receiving a continual stream of messages – many of them of no consequence at all. The goal is to keep you using your device to get you to click on ads or take the Call-To-Action being requested – to subscribe, download, play, view, buy, etc.

But, did you know that new research now shows that being addicted to your phone can be harmful? For instance, a recent SUNY Stonybrook study estimated that at least 10% of all E.R. visits are now due to smartphone distraction. Another study found that 47% of participants reported falling asleep with their phones.

Why is this an issue? Because, using the phone late at night increases your risk of developing a serious sleep disorder, anxiety, insomnia, suicide or depression. Also, the blue wavelength light from your phone interferes with your circadian rhythm by delaying melatonin release. Thus, you don't get the sleep you need to feel rested the next day because you are prevented from entering deep sleep stages where the growth factor hormone is released. This makes it harder for your body and brain to repair itself.

So, if you did not take a vacation from your smartphone during your vacation, here are some tips for vacationing from your phone throughout the year.

- **Park your phone outside of your bedroom:** Consider placing your phone outside of your bedroom and if you can bare it, also turn it off. For many, this will be the hardest recommendation to implement because it's easy to make up a "legitimate excuse for WHY" the phone needs to be close by when you're supposed to be asleep.

- **Turn off your phone 1 hour before bedtime:** Since blue wavelength light makes it harder for you to fall asleep, consider turning off your phone early. Research shows that men fall asleep an hour later than women when using the smartphone at night. A word to the wise is sufficient.

- **Pay attention and put your phone down when necessary:** Put a halt to avoidable distracted driving accidents and distracted walking accidents by being smart. Remember, your smartphone activates the same areas of your brain just like you were on drugs. It's not smart to cross a busy street with your head buried in your phone. Choose wisely.

LEFTOVER WORDS

original poetry by Lydia Shutter

Leftover words
do not sound better after reheating
and are probably best discarded
yet we hold onto them
even as they gunk up routines
(messy critters aren't they?)
believing their coherency
has not only no expiration date
but a date after which
flowers will blossom
out of the pain they caused
surely sonnets will re-emerge
out of arcane scraps of syllabic misery
but the truth is
open eyes collect unexpected sights
open ears collect better-left-unsaid whispers
and before you know it
there they are
washing up on the shores of forever
those ever infamous
leftover words

DOWN MEMORY LANE

With Stu Sosniak

How ya doin' gang?

I hope everyone is doing great at beautiful Lauderdale West. For this month's subject, I would like to pay tribute to some of the greatest inventors, scientists and brilliant minds of all time. These dreamers, researchers, pioneers and discoverers changed our lives and opened the doors to a new world.

When the word genius is mentioned, Albert Einstein's at the top of every list. At the age of 26, his theory of relativity, converting matter into energy, brought us into the nuclear age. $E=MC^2$, E is energy, M is mass, C is the speed of light. Einstein's letter to President Roosevelt in 1939 led to the Manhattan Project that developed atomic weapons before Germany could, and ultimately ended World War II. Incidentally, Einstein was a pacifist.

Besides writing the Declaration of Independence, Benjamin Franklin invented bifocal glasses in 1784 and by flying a kite in a storm, concluded that lightning and static electricity are the same. He invented the lightning rod.

Thomas Edison, a true genius, had over 1200 patents, among them the phonograph in 1877, the electric light bulb in 1879 and the motion picture in 1891.

Galileo invented the thermometer and revolutionized astronomy with the telescope.

Henry Ford put America on wheels introducing the Model

T car in 1908, but just as important, was his assembly line. Sigmund Freud explored the human mind and developed psychoanalysis.

Alexander Graham Bell in 1875 transmitted sound vibrations to an electrical wire and the first telephone was invented.

Orville and Wilbur Wright, in 1903, made human flight possible and changed the world.

Combining movable type, ink, paper and the printing press, Johann Gutenberg invented the movable type printing press in 1450.

Here are some other brilliant researchers:

- Cyrus McCormick – mechanical reaper
- George Eastman – box camera and photo film
- Charles Goodyear – vulcanized rubber
- Jonas Salk – polio vaccine
- Robert Fulton – steamboat
- Charles Pearson – first idea of subway
- Eli Whitney – cotton gin
- Samuel Morse – electrical telegraph and morse code
- Guglielmo Marconi – radio
- Louis Pasteur – vaccine for cholera, rabies, anthrax and pasteurization
- Robert Goddard – liquid fueled rocket engine

Genius is 2% inspiration and 98% perspiration. The wheel and fire were pretty important discoveries, but by whom? Glass was invented by the Egyptians around 2500 BC and T'sai Lun invented paper in China in 105 AD, and let's never forget Thomas Crapper for the first flushed toilet.

Photos, ideas and suggestions are always welcome. Please call Stu at 954-475-4214. Until next time, make these times at Lauderdale West your "good old days" of tomorrow. Happy trails you... until we meet again...

FIRE PREVENTION

By E. Laney Stearns, Fire Chief

Urban legend tells the tale of how, on a windy Chicago night, Mrs. O'Leary's cow kicked over a lantern and caused one of the most tragic fires in US history. Well, the story of the cow has since proven to be a lot of bull. However, the Great Chicago Fire was very real as was the tremendous loss of life and destruction of nearly one third of the City. In the wake of that tragedy grew Fire Prevention Week. Every year the National Fire Protection Agency (NFPA) publishes a theme that helps remind us to be aware of fire safety and fire prevention tips.

During the month of October our Public Education Team is out and about, in the community spreading that message. While our team is always out spreading the fire prevention message, October is by far their busiest month.

This year's theme from the NFPA, "**Look. Listen. Learn. Be Aware. Fire Can Happen Anywhere**" is reflected in our 42nd Annual Marti Terziu Art & Literature Contest. Each year we invite all school-aged children, in Plantation, between Kindergarten and fifth grade to enter their best interpretation of the NFPA theme through posters, essays, photography, digital, or 3D art.

Entries are made through their school and prizes are awarded for City-wide selections in each category and the best submission from each school. The top winners are honored at a Chamber of Commerce breakfast and City

Council meeting during our Red Carpet event.

If you have a child in K-5 we invite them to show us their creative talents. They can contact their school art teacher or go online at: http://www.plantation.org/psd/fire/fd_poster-essay-contest.html for entry rules and forms. Final submissions should be made to their art teacher.

Also, remember, Halloween is coming. If your child is out Trick or Treating, here's a few safety tips to keep in mind.

- Ensure the costume is lighted or has reflective material on it so they can be seen in the dark.
- Everyone should carry a flashlight if walking after dark.
- Make sure young children are ALWAYS accompanied by a responsible adult.
- Costumes should not obstruct the child's view in any way.
- Be sure the costume is not made of flammable materials.
- Always check the contents of your child's goodie bag before they eat anything.
- Finally, do not walk in the streets. Stay on the sidewalks, particularly after dark.

We want everyone to have a safe and enjoyable Halloween. These simple tips will make it fun for everyone.

Stay Safe

Editor's note: Marti Terziu was a resident in Lauderdale West for a number of years.

TICKET OFFICE

By Micki Gaughan

Have you noticed that your monthly tickets are more colorful? Each month has its own color. For October the ticket is a bright green. For November, a bright orange. This also helps the ticket takers at the door the night of the show.

A gentle reminder about our dress code for our Saturday night shows – all men need to wear long pants, dresses or slacks and top for woman. Thank you for your cooperation.

We have had some new members added to our ticket office crew, and I truly thank everyone working there. It is a team effort. Tickets are now sold throughout the month between the shows, starting with the first Monday after the last show. If you have reserved seats, you need to pick them up during the first week or they will be returned to general seating the 2nd Monday of sales. If you are interested in obtaining reserved seating, please contact me Monday thru Friday at the Main Clubhouse.

I want to thank Linda Owen who graciously volunteered to prenumber all the show tickets. This makes it easier for our folks selling the tickets and less chance to sell a seat more than once.

If you would like to join the crew, please call Micki at 954-473-8219 ext. 128 and I will gladly add you to our list.

LONG RUN BAND

(ULTIMATE EAGLES TRIBUTE)

November 10, 2018

The Long Run Band is a compilation of some of South Florida's finest and most respected musicians. They have realistically reproduced the sound that makes the Eagles, one of the most successful bands in rock and roll history. They are so well-respected that legendary Eagles member Don Felder asked them to back him up at the Florida music awards. Get ready to reminisce with some good old "Rock and Roll."

HADASSAH HAPPENINGS

By Susan Rose

We are back in full swing and looking forward to what autumn has to bring. Just see what we have planned for October.

On October 7, we have a Lauderdale West Roadshow coming to the JBA from 2-5 pm. We will be limiting the number of items per person to 2 pieces for just \$5. You will be given a number upon entering and there will be coffee, cake and socialization while you await your turn. Who knows who may have that unique and collectible item worth big money? This is one way for you to find out if that rare item you have been keeping is worth a fortune. Please note, this is only an evaluation. There will be no buying/selling of items.

October 9 is our Lunch Bunch at King's Point Diner on Nob Hill Road, just north of McNab. Everyone pays for themselves and we make a \$5 donation to Hadassah. Phyllis Gerber makes the reservation, so please RSVP to her at 954-472-1007.

On October 16, we have a special Welcome Back General Meeting that I encourage everyone to attend. For \$5 you will get lunch and a chance to meet, mingle and make new friends or just catch up with old friends.

On October 23, we will be going to the Dania Holocaust Museum to see their new exhibit. We will be carpooling and the cost is \$18. You must make a reservation to Gloria Lipson at 954-476-1214, so we can make the necessary transportation arrangements.

Our Florida Broward Hadassah will be honoring chapter Women of the Year at Jacaranda Country Club on October 28. Judy Buono will be our representative. If you'd like to join us, cost of the lunch and program is \$54. RSVP to Susan Rose at 954-424-8494.

Election Day is November 6 and I encourage all of you to get out and vote.

On November 13, the Lunch Bunch will be at the Asian Buffet on University Drive in Sunrise at 12 noon. As always, we make a \$5 donation to Hadassah and then pay for our own lunch. Call Phyllis at 954-472-1007, so we can reserve a section for our group.

Just in case you will be around Thanksgiving week, we scheduled a Sunday afternoon Bunco on November 18 starting at 2 pm in room 113 in the Main Clubhouse. The cost for the afternoon is \$10. It is a fun game that everyone can play, no experience is necessary. Prizes will be awarded.

Our general meeting will be on November 20. Save the date for lunch, fun and friends. Hadassah wishes everyone an enjoyable Thanksgiving.

We would love for you to join us. If you have any questions or suggestions, please give me a call – Susan Rose at 954-424-8494.

GET AN ESTIMATE

Attention anyone who plans to hire someone to do work around the house. ALWAYS get a written estimate from the person, who should be licensed, BEFORE any work is started. An honest contractor will be glad to write up an estimate.

Do not let the person tell you "I won't charge much", or "Trust me, I will do right by you", or anything else. Tell the person that you want a written estimate or say good-bye to that person. It is for your benefit so you do not end up with a large bill that you did not expect.

JEWELRY MAKING CLASSES

If you have some time on Tuesday afternoons, why not try Jewelry Making. Every Tuesday at 2 pm in room 111, there are classes available. Contact Gail Martinez at 954-915-8841 and get your creative juices flowing. You will love the results!

BOCCE NEWS

By Al Gaeta

With snowbirds gone and bad weather, we have not played many games. I'm sure we will play more often during the next few months.

We welcome new players and teach you how to play. We enjoy spectators cheering us on. The game is easy, good exercise, and most of all a lot of fun.

We play every Wednesday around 6:30 pm, weather permitting. We play on the right side of the entrance to the clubhouse. Come join us and feel like a kid again.

MOVIE COMMITTEE

By Lydia Shutter

A new Movie Committee has formed in Lauderdale West. We surprised everyone on Saturday night July 28 by serving complimentary popcorn to all who came to enjoy "I Feel Pretty". We started "Thursday Matinee Classics" with "The King and I", South Pacific and Grease, to name a few.

Our committee consists of Linda Owen, Donna Brodsky, Frank Lipari, June Muro, Lydia Shutter, and Estelle Taylor. Thank you to the previous Movie Committee. We appreciate the ground you paved for us.

Please join us on Thursday afternoons at 2 pm and Saturday evenings at 8 pm, if no Live Entertainment or Party Time is scheduled. Movies are posted on in the Main Clubhouse, on our website <http://www.lauderdalewest.org/home.html>, and on Channel 8001. We look forward to seeing you at the movies!

"Let me be your real estate professional"

SAL ESPOSITO TURNS 103!!!

Adding another milestone to his already accomplished life, Sal Esposito turned 103 on August 27, 2018. True to form, Sal was in the Clubhouse, where you can find him most mornings, painting the handmade toys which will be donated to the Historical Society.

At 103, Sal tries to maintain his lifestyle – attending our professional shows and PartyTime here at LW. He enjoys constructing models, including a ship in a bottle which he finished this past year.

Three years ago, turning 100, he was at the Veltri courts showing everyone that he can still hit a mean tennis ball! In 2015, he received a proclamation from Congresswoman Lois Frankel's office as well as a thank you note from John Feeney, Curator at the Plantation Historical Museum for his participation in the making of the donated toys.

Lauderdale West threw a mini celebration besides the one his family threw for his 103rd. Can't wait to see what you do this coming year, Sal!

POLITICAL ADVERTISEMENT PAID FOR AND APPROVED BY LYNN STONER
FOR MAYOR OF THE CITY OF PLANTATION. NON-PARTISAN

THE CHANGE WE WANT, THE VOICE WE NEED

Dear Neighbors:

Welcome! My name is Lynn Stoner and I am running for Mayor of the City of Plantation. Whether you are a new or a long-time Plantation resident, I would like to take this opportunity to say “Hello!”.

I share your concerns about the direction the City will take in the future. The time has come for our diverse community to hold true to what Plantation values, and work together to bring the ‘shine’ back to this wonderful place we all call home.

As a Plantation resident since 1970 and City Councilmember since 2011, I have the relevant experience, leadership skills and business acumen to run for the City’s highest elected office. My proven accessibility to residents and my performance on their behalf reflect why I am your “GET IT DONE COUNCILMEMBER” and hope to be your “GO TO MAYOR”.

I invite you to learn more about me. Please feel free to contact me directly or connect on social media... my door is always open.

I look forward to hearing from you.

Respectfully,

LYNN STONER
